

Energy and Water Development Subcommittee Guidance on Submitting Requests for Congressionally Directed Spending (CDS)

The Subcommittee will *only* consider CDS requests for items in the following accounts:

- Corps of Engineers: Investigations
- Corps of Engineers: Construction
- Corps of Engineers: Operation & Maintenance
- Corps of Engineers: Mississippi Rivers & Tributaries
- Bureau of Reclamation: Water and Related Resources
- Energy Efficiency and Renewable Energy (EERE)
- Office of Electricity (OE)
- Office of Cybersecurity, Energy Security, and Emergency Response (CESER)
- Office of Nuclear Energy (NE)
- Office of Fossil Energy (FE)

While the Subcommittee will consider requests in the five Department of Energy accounts listed, it is expected to provide very few such items. For the Corps of Engineers and Bureau of Reclamation, only authorized projects and programs will be considered for funding. An authorized project or program that has not received funding in prior years is considered a new start. Few, if any, new starts will be funded.

If a Member wishes to support an item in the President's budget request at the requested amount, that will remain a programmatic request. For location specific requests, if the Member's request is not included in the President's FY22 budget request or the FY21 enacted bill or report, or if it exceeds the level included in either document (whichever is higher), it is a CDS request. Further, the FY21 bill and report does not include the Corps and Reclamation spend plans.
